Meeting of the Community Preventive Services Task Force

AGENCY: Centers for Disease Control and Prevention (CDC),
Department of Health and Human Services (HHS).

ACTION: Notice of meeting.

SUMMARY: The Centers for Disease Control and Prevention (CDC) announces the next meeting of the Community Preventive Services Task Force (Task Force). The Task Force is an independent, nonfederal, and uncompensated panel. Its members represent a broad range of research, practice, and policy expertise in prevention, wellness and health promotion, and public health, and are appointed by the CDC Director. The Task Force was convened in 1996 by the Department of Health and Human Services (HHS) to identify community preventive programs, services, and policies that increase healthy longevity, save lives and dollars and improve Americans' quality of life. During this meeting,

the Task Force will consider the findings of systematic reviews on existing research and issue recommendations. These recommendations provide evidence-based options from which decision makers in communities, companies, health departments, health plans and healthcare systems, non-governmental organizations, and at all levels of government can choose what best meets the needs, preferences, available resources, and constraints of their constituents. The Task Force's recommendations, along with the systematic reviews of the scientific evidence on which they are based, are compiled in the Guide to Community Preventive Services (Community Guide).

DATE: The meeting will be held on Wednesday, October 23, 2013 from 8:30 a.m. to 5:30 p.m. EDT and Thursday, October 24, 2013 from 8:30 a.m. to 1:00 p.m. EDT.
